*THE INTERCOLLEGIATE BIOMATHEMATICS ALLIANCE*

---

The Intercollegiate Biomathematics Alliance (IBA) offers institutional memberships to colleges and universities that are interested in joining the IBA family, a consortium committed to advancing education and research opportunities in mathematical biology for all their students and faculty.

Once an institution joins the IBA, then all of its students and faculty from mathematics, biology, and related fields gain access to a vast variety of opportunities that are available only to the institutional members.

Institutional membership fee paid by each university is tied to the institution's total student population size.

Institutional memberships are valid from July 1<sup>st</sup> through June 30<sup>th</sup> of the following year.

As of July 1<sup>st</sup> 2017, the fees are:

<i>Total Student Population</i>	<i>Membership fee</i>
<i>Less than 1,000</i>	\$500
<i>1,000-1,999</i>	\$1,500
<i>2,000-4,999</i>	\$2,500
<i>5,000-15,000</i>	\$3,000
<i>More than 15,000</i>	\$5,000
